PROFESSIONAL EXPERIENCE

Digital Marketing Executive

CPN InfoTech (Computer Point Nepal)

(July 2026 – Present)

- Created social media marketing content, including product promotional posts, for Facebook and Instagram to increase online brand visibility.
- Designed graphics using Canva and Photoshop, and edited promotional and product review videos to support marketing campaigns.
- Prepared technical promotional content and marketing materials that supported branding and customer engagement initiatives.

IT & Digital Media Assistant

Catalyst Skill Development and Research Center

(March 2026 – Present)

- Provided IT support and computer troubleshooting, resolving hardware and software issues for staff and training participants.
- Delivered training support and office software assistance, contributing to smoother delivery of skill development programs.
- Handled hardware setup, system maintenance, and technical documentation while supporting students directly with IT queries.
- Produced digital content for the center's outreach and training materials.

Computer Instructor

Advance Computer Center, Belbari-11, Laxmimarga

(2023 – 2025)

- Taught computer fundamentals, MS Office applications, internet usage, and typing skills to a broad range of students over a two-year period.
- Delivered instruction on Windows installation, basic networking, and computer maintenance as part of a practical, hands-on curriculum.
- Managed lab operations and practical sessions, and mentored students individually to strengthen their computer literacy.

Computer Science Teacher — Grade 12

Laxmi Secondary School, Belbari-11, Laxmimarga

One year (2025 – 2026)

- Taught Computer Science to Grade 12 students, preparing lesson plans covering programming basics, database concepts, and ICT fundamentals.

- Conducted practical lab classes and evaluated student assignments and examinations.
- Guided students through exam preparation, improving conceptual understanding and readiness for assessments.

Computer Lab Administrator / IT Support

Laxmi Secondary School, Belbari-11, Laxmimarga

- Set up complete computer labs, including LAN networking, IP configuration, switch configuration, and printer setup.
- Performed Windows installation, software and driver installation, computer formatting, and hardware troubleshooting and maintenance.
- Configured internet connectivity and client-server environments, monitored lab performance, and provided ongoing technical and network troubleshooting support.

PROJECTS

Online Voting System — Java, MySQL

- Developed a secure desktop-based voting application using Java Swing for the interface and MySQL for data storage.
- Implemented user authentication and real-time vote tallying to help ensure accurate, tamper-resistant results.

Library Management System — Java, MySQL

- Built a database-driven system to manage book inventory, member records, and borrowing/return transactions.
- Streamlined library record-keeping and reduced manual tracking of book circulation.

Portfolio Website — HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website to showcase technical skills and completed projects.
- Applied responsive design principles for consistent presentation across desktop and mobile devices.

Student Management System — Java, MySQL

- Created an application to manage student records, academic performance, and administrative data.
- Improved the accuracy and accessibility of institutional student information.

EDUCATION

Bachelor of Information and Communication Technology Education (BICTE) — In Progress

Sukuna Multiple Campus, Tribhuvan University

Relevant Coursework: Programming, Database Management, Computer Networks, Operating Systems, Software Engineering, Web Development, Computer Hardware, Educational Technology, ICT in Education

LANGUAGES

Nepali — Native | English — Intermediate | Hindi — Conversational
